
WHIRLWIND EXPO FEATURE FARMERS 2003 – 2008

At the 2008 Winter Conference in Salina, KS on January 29-30, No-Till on the Plains President Josh Lloyd presented this group with special metal signs designating them as Whirlwind Expo Feature Farmers. These producers served as hosts for special summer field days by providing their farms for day-long events featuring expert speakers, rainfall simulator demonstrations, and soil pits. From 2003 – 2008, the Whirlwind Expo events were held for a combined total of 1,500 attendees from throughout the nation.
