Dear Sponsors,

My name is Aaron Sawyers, and I am the Director of No-till on the Plains. I look forward to meeting many new faces and working with the ones that I met in the last year to build a brighter future for Agriculture!

I am excited to announce the 28<sup>th</sup> Annual No-Till on the Plains Winter Conference, January 22nd through 24th, 2024 in Wichita, KS at The Wichita Marriott.

The Winter Conference is attended both nationally, as well as internationally. The Marriott accommodates roughly 500 guests for the Conference sessions. This venue allows for personal contact and networking between our sponsors and attendees.

Sponsor spaces will be located just outside of the break-out meeting rooms and the dining room area. This allows the opportunity for maximum interactions with a diverse group of attendees. This provides a unique opportunity for businesses and organizations to interact with participants and to reach them with information about the services they provide and their connection to soil health.

Submit your contract and payment online at [notill.org](http://notill.org). Sponsor booth locations are first-come, first-serve. Your space is not secured until payment is received. To pick where you would like to be located, let me know ASAP. We are also asking vendors to pay via check, to help control rising costs and associated fees with credit cards. If you need to make other arrangements, please let me know and we'll do our best to work with you on your individual needs.

There are several hotels in the surrounding area to accommodate extra attendees and sponsors. If you would like accommodations at the Marriott, we suggest making accommodations in advance—the room block will open soon.

If you have questions or I can assist you in any way, please contact me at [director@notill.org](mailto:director@notill.org) or call me at (785) 210-4549. I look forward to learning with you January 22-24, 2024, in Wichita, Kansas. Your support helps make better stewardship and rejuvenation of our soil resources possible. The information is also posted under the Winter Conference tab at [notill.org](http://notill.org)
